## ROUNDHOUSE.

Roundhouse Gin is Birmingham's first gin distilled in the city centre, at The Distillery. The small batch gin is distilled on site, in an impressive copper still. In addition to creating Roundhouse, our own signature blend, The Distillery offer personalised gin orders with your own branding and host Gin School sessions where guests can create their own bespoke gin!

## GIN SCHOOL.

If you're after something a bit extra, The Distillery offers guests a bespoke gin making experience. With prices starting at £50pp, visitors are taken on a journey. First touching on the history of gin this is followed by an in depth look into the world of distilling which includes a breakdown of a wide range of botanicals and their flavour profiles; leading to a supervised demonstration in the art of distilling using a custom recipe unique to each individual. The newly skilled distillers are then able to hand label and seal their creations before taking them away to impress their friends with. The gin school makes for a fantastic day out in pairs or as small groups. Typically lasting 2 hours with regular gin and tonic top ups included in the price. For enquiries see their website and fill out a booking application to begin your gin making journey.
